

Peer 2 Peer (P2P) Texting

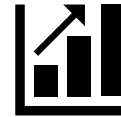

As cell numbers have become nearly 35% of the business contacts, we all look for effective methods to improve the way we connect with our audience. P2P texting allows our team to provide human to human demographic verification on a mobile platform that 250 million adults in the U.S. utilize every day!

Let's Connect

Email: programs@calmarketing.com

Phone: +1(858) 279-5585

Increased Conversion

More responses from the same data source!

Lower Cost Per Order

Less expensive than “live agent only” calling!

Engage and Activate your Audience

Send web links or invites immediately!
